Brief Information:

Mohammed Warsame was arrested on December 8, 2003, and was taken to outside Minneapolis, MN where he was interrogated extensively without access to a lawyer; and we believe that his rights were denied.

However, Mohammed was taken to New York to face a grand jury hearing, after challenging legally their allegations; he was returned to Minneapolis, MN, where he has been in a solitary detention since that date.

His lawyers have filed strong motions requesting for his release on bail, which will be scheduled during the months of October & November 2005. If this bail hearing is allowed, an amount of \$100,000 should be deposited according to his lawyer.

We need your financial support to find the truth and facts of these allegations against an innocent and a law-abiding family member.
